

Mr. & Mrs. Santa Claus

George Jones & Tammy Wynette

Honey, the snow outside is softly fallin'
The kids are all tucked in and fast asleep
We got a cozy den with a big old fireplace burnin'
Don't you think it's time we think about you and me? As long as there's a holiday called Christmas
As long as there's a snowflake left to fall
There ain't nobody gonna keep true love from callin' us
Mr. and Mrs. Santa Claus Honey, do you remember our first Christmas?
Standin' by that poor old Christmas tree
And all that we ever needed was each other
And that's the way, honey, it's always gonna be As long as there's a holiday called Christmas
As long as there's a snowflake left to fall
There ain't nobody gonna keep true love from callin' us
Mr. and Mrs. Santa Claus
There ain't nobody gonna keep true love from callin' us
Mr. and Mrs. Santa Claus
(No, they won't)
Mr. and Mrs. Santa Claus Honey, the snow outside is softly fallin'
The kids are all tucked in and fast asleep
We got a cozy den with a big old fireplace burnin'
Don't you think it's time we think about you and me? As long as there's a holiday called Christmas
As long as there's a snowflake left to fall
There ain't nobody gonna keep true love from callin' us
Mr. and Mrs. Santa Claus Honey, do you remember our first Christmas?
Standin' by that poor old Christmas tree
And all that we ever needed was each other
And that's the way, honey, it's always gonna be As long as there's a holiday called Christmas
As long as there's a snowflake left to fall
There ain't nobody gonna keep true love from callin' us
Mr. and Mrs. Santa Claus There ain't nobody gonna keep true love from callin' us
Mr. and Mrs. Santa Claus
(No, they won't)
Mr. and Mrs. Santa Claus
