

Appaloosa

[Gino Vannelli](#)

Appaloosa, runnin' wild in the dead of the night
Appaloosa, you're the message of love and light Apparitions, they grow wild in the plains of my mind
I get visions of the mountain that I must climb Freedom ain't no illusion, a truth no money can buy
With your sweet absolution, I will follow my star
For the rest of my life, it goes on and on Appaloosa, runnin' high in the heavens above
Appaloosa, you're the angel of God I love Freedom ain't no deception, truth no man can deny
With your love and direction I will follow my star
For the rest of my life, it goes on and on Appaloosa, Appaloosa
Appaloosa, Appaloosa Appaloosa, runnin' wild in the wake of the dawn
Appaloosa, you're the spirit that turns me on Appaloosa, Appaloosa
Appaloosa, Appaloosa
