Already Gone

Lucie Silvas

I can't stop the moon from rising
And the sun will set exactly where it should
I can't stop the rivers from running
God only knows I'd stop you if I couldFrom not seeing me how you used to
From walking out the door
I can't stop you from not loving me anymoreI can do nothing if your mind's made up
No matter how I feel it's not enough for the both of us
So, don't lie to me 'cause there's no need
I have fooled myself for too long
'Cause you're still here but you're already goneSpring time will come after winter
But the winter seems to last the whole year long
And I know, I know you're just trying to make it easier
While I'm sitting here trying to be strongYou can say you love me
It won't sound right anymore
'Cause it's written on your face
So, what are you waiting for?I can do nothing if your mind's made up
No matter how I feel it's not enough for the both of us
So, don't lie to me 'cause there's no need
I have fooled myself for too long
'Cause you're still here but you're already goneYour coat's still in the hallway
My heart's still in your hands
I don't want to face the truth right now
But that's not who I am
No, that's not who I amI can do nothing if your mind's made up
No matter how I feel it's not enough for the both of us
So, don't lie to me 'cause there's no need
I have fooled myself for too long
'Cause you're still here but you're already gone
