You Shook Me

Loudness

You know you shook me,
you shook me all night long
You know you shook me, pretty mama,
you shook me all night long
Oh, you kept on shakin' me darlin',
oh you messed up my happy home
You know you move me baby,
just like a hurricane
You know you move me baby,
just like a hurricane
Oh, you know you move me darling,

just like an earthquake moves the land
Oh, sometimes I wonder what's gonna happen
To my poor wife and child
She made me love her
Now I can't be satisfied
You know you shook me, you shook me all night long
You know you shook me, pretty mama,
you shook me all night long
Oh, you kept on shakin' me darlin',
oh, you messed up my happy home
