

# We Can Put It Back Together

Jermaine Jackson

Remember when we used to be together?  
Remember how we used to be?

We can put it back together  
I know our lives would be better  
And I'll prove my love forever  
Just wait, just wait, and you'll see.

Funny how time slips away  
It seems just only yesterday  
Then one silly thing broke us apart.

I've dreamed of all ways to bring you home again  
I'm sorry for all the hurts that never should have been  
I Love you still, You're in my heart.

It's easy to see that our mistakes  
Don't matter  
It's easy to see if we try,

We can put it back together  
I know our lives would be better  
And I'll prove my love forever,  
Just wait, just wait and you'll see.

Oh, let's get back again  
This time we can win  
Honey I swear it, I can't live without you

Remember when we used to be, together?  
Remember how we used to be?  
We can put it back together.  
I know our lives would be better  
And I'll prove my love forever,  
Just wait, just wait and you'll see,  
you'll see, you'll see, you'll see, you'll see,  
you'll see, just wait and you'll see,  
you'll see, you'll see, you'll see, you'll see  
you'll see, just wait and you'll see, you'll see

you'll see, you'll see, you'll see, you'll see,  
Just wait and you'll see, you'll see  
you'll see, you'll see, you'll see, you'll see.
