

Palisade

Pinegrove

i don't think this is where we end
but i've got some things that we must attend to
i've been indiscriminate
but i can't hide behind accidentalsnow,
i've been saying somethings i don't like
but what else can i identify with?
i can't sleep i'm on them vines.i knew those easy days,
long days,
long aisles in between me.
i'm living on easy line,
blue vine,
then i'm sick, i'm sleeping all the time.
i said i'd be there
so i'll come & let you in
o, it's for you leo
from across the meridian
when i was over you
my arms were tremblingi said i'd be there
so i'll come & let you in
