

Freaks

French Montana

[Hook]

Freak, some gyal ah freak ah di week[Verse 1: French Montana]

Lights up the fire, you know we get higher

Rolling up loud, real niggas moving quiet

Like it then I buy it, you donkeys on a diet

Bringing all my jewels, how you know I start a riot

Riding with the bliquor, messing up her make up

You blowing up her phone, she ain't trying to pick up

Drinking out the bottle, I'm leaning with a model

I throw a hundred racks up, you think I hit the lotto

Riding with the wolves, I ain't talkin Minnesota

Shorty coming over, go and bend it over

Let me plank on it, put a drink on it

Heard you a freak, put my name on it (Montana)[Hook][Bridge: French Montana]

This girl Tammy said she order

She want to give it to me out the door

This girl fuck me like she know me

She backed it up then she tipped on her toes[Verse 2: Nicki Minaj]

He said he met this little girl by the name of Onika

Way my body shape, all the boys wanna freak her

Brag and I boast, they be doin the most

If I look at his friend, he'll be grippin the toast

So I took him to the crib to kill him with it

Put my legs behind my head, I hit the ceiling with it

When I put it in his mouth I couldn't believe it

He looked me in my eyes and said he wanna breed it

Passa Passa

You ain't got no wins in mi casa

Big fat pussy; Mufasa

Hit up Green Acres, hit up Queens Plaza

Some of them say them gully, some of them say them gaza.[Hook][Bridge][Bridge 2: Nicki Minaj]

Where my bad bitches at?

Where my bad bitches at?

Pretty gang make noise

Pretty gang make noise

Pretty gang act the fuck, act the-act the fuck up[Bridge 3: French Montana]

Where my bad bitches at?

Where my bad bitches at?

Rude girls make noise

Rude girls make noise
Rude girl act the fucked up, act, act the fuck up
Act the fuck up, act, act the fuck up[Hook][Bridge][Verse 3: Nicki Minaj]
I come through like I mean numb Nicki
