

# Pushing Your Luck

Tom Vek

You're skating on thin ice with a heavy heart  
There so many ladders  
That you've walked underneath  
And now you're picking a fight  
With the world's strongest man  
And everybody's gonna gather round  
But you're not gonna win  
You're not gonna cut it!  
You need some strength,  
Just to make it happen  
You just can't sit around  
Biting your nails  
I know you can do it  
But if you're not gonna try  
You're pushing your luck  
(All you do is push your luck)  
You're pushing your luck  
(All you do is push your luck)  
You're pushing your luck  
(All you do is push your luck)  
You're pushing your luck  
(All you do is push your luck) You should be knocking on wood  
You're not answering the door  
Ladders are piling up  
All over the floor  
You have every answer  
But no one's asking the questions  
You're just feeling cold  
Expecting some else to turn up the heat  
I bring you flowers for your daily allowance  
For getting through another day  
But it won't last forever  
So you better think how not to suck!  
You're pushing your luck  
(All you do is push your luck)  
You're pushing your luck  
(All you do is push your luck)  
You're pushing your luck  
(All you do is push your luck)

You're pushing your luck  
(All you do is push your luck)All you do is push your luck  
All you do is push your luck  
All you do is push your luck  
All you do is push your luck  
All you do is push your luck  
Pushing your luck  
Pushing your luck  
Pushing your luck  
Pushing your luck
