Classic (feat. Chantel Kreviazuk, Chachillie)

Souleye

Verse 1
Over 20 plus
Of rhyming so miraculous
Meticulous years I've spent digging up the dust
New boots shoes I've got those
Clean souls shell toe
Protected it's the way I go
Growth is
A stage of development
I saw the first stair
And started climbing it
Right left left right
I'm off the wall
I said once and again
Now you hear my call
And even if it was something
That I may have thought that
I did wrong
In the ground dug my feet in deep
My feet and toes and my hands
They all graze in place
Where they all eat upon
There's not much left to chose
Leave it out until it's gone
I'm gonna ride with them as if they where family
Since we are any way
Can you hear me
I know you have a lot in side of your
Busy day
And I wish that I could be the one
That will provide you with your
Wholesome outcome
