Far, far away

Proletarii

Far, far away from those city lights
Might be shining on you tonight
Far, far away from you
On the dark side of the moonI long to hold you in my arms and sway
Kiss and ride on the CTA
I need to see you tonight and those bright lights
Oh, I know it's right, deep in my heart I'll know it's rightBy the bed, by the light that you read by
By the time that I get home to say "Good night"
I need to see you again on the dark side, my friend
On the dark side
