

# The Power

## Sweet Spirit

You're the kind of girl that studied in school  
And practiced your fashion  
You're the kind of girl that followed the rules  
But couldn't get any action  
I'm the girl who laughed at teacher  
Partied under the bleachers and drank  
At graduation my name got mentioned  
The room reacted like they'd made a mistake  
Well I stood up and I commenced to speak  
The commencement speech  
I stood up in my robes of silk  
Mmmmm and I looked over the crowd  
And I told them, I said  
I got the answer here inside of myself  
I got the power here inside of myself  
I got the power here inside of myself  
Feel the power! You're the guy who wears the right kind of clothes  
With that subtle behavior  
I'm the kind of woman who knows  
How to get someone to do me a favor  
I'm in trouble (I'm in trouble)  
You're not alone (you're not alone)  
You feel the world through a telephone touch  
You make your money (make your money)  
Congratulations  
Bet you're dying to tell me how much  
When I was a little girl,  
My momma gave me a bowl cut  
And told me I looked like Dorothy Hamill  
Everywhere we went people would say  
What a cute little boy  
Well I've grown up now!  
I got the power here inside of myself  
I got the power here inside of myself  
I got the power here inside of myself  
Feel the power!  
Can you feel the power
