

# Unglued (Performance Track In Key of G)

## Tait

Restless and alone  
A weary soul has traveled home  
What am I to do  
In a world without you I can hardly believe  
I turned around and you're gone  
All the sweet memories  
Of loving you for so long Sometimes it's hard  
Most times I cry  
But God holds this heart of mine  
He feels the pain inside Broken and undone  
You're were the one we counted on  
You taught us how to say  
I love you Then you showed us how to pray  
I don't want to believe  
I turned around and you're gone  
All the sweet memories Of loving you for so long  
Sometimes it's hard  
Most times I cry  
But God holds this heart of mine And He heals the pain I hide  
Sometimes it's hard  
Most times I cry  
But God knows this heart of mine He feels the pain inside
