I Need You

Kenoly Brothers

[Verse 1]

Every single morning
And all throughout the day
The tears won't stop from falling,
Cuz' the pain won't go away
To be in love with someone and call my wife was my dream
I know its only been three months
But an eternity it seems
I look up at a picture of a family torn apart
And what about the children,
How will this whole thing play out
There's only one solution,
And it's all so very clear,
Lord I need you here

[Chorus]

Oh how I need you here (2x)

[Verse 2]

I know I have to move on,
And I have to walk away
I let her hurt me for the last time,
But part of me still wants to stay
My minutes feel like hours
And my days, they feel like years
It's so hard to get her out of my mind
But still, I have to try
Lord, only you can give me strength to carry on
How I need your love now,
Cuz' I can't do this alone
Then there's no substitution
And it's all oh so very clear
How I need you here

[Chorus 2]

Oh how I need you here (4x)

[Can't stop cryin']
[How I need you]

How I need your love right now (2x)
[I need your love your love]
How I need your love, I know I can't do wrong

Without you I just can't go on
Tired of crying
Tired of being sad
I need your love right now
I don't know how much
I don't know how much more I can take of living this life

Calling you (3x)
I need
I need you
