

# No Respect

## Rock Bottom

Respect  
Always everybody looking for some  
Respect  
Who do you think you're gonna get it from?Respect  
Anybody here deserving of none  
Respect  
So tell me, what makes you think  
You're not the oneNo respect, no respect, none  
No respect, no respect, none  
No respect, no respect, none  
No respect, no respect, noneRespect  
Why be concerned with public adulation  
Respect  
Pat on the back crying for attentionRespect  
Finding out what it really means to me  
Respect  
Honor comes only after humilityNo respect, no respect, none  
No respect, no respect, none  
No respect, no respect, none  
No respect, no respect, noneNo respect, no respect, none  
No respect, no respect, none  
No respect, no respect, none  
No respect, no respect, noneNo respect, no respect, none  
No respect, no respect, none  
No respect, no respect, none  
No respect, no respect, noneNo, no, no, no, no  
No respect
