dome)

I'm gone, so gone, so yo can I get a ride home

I'm on patron I just took some shots to tha dome(to tha dome)

I'm gone, so gone, so yo can I get a ride homeI keep bumpin' into people say man my bad

I'm intoxicated a tad and the DJ had to be

Miskin' mike and scad my family gettin slammedBeans and corn bread just bought around another damn grand

Man I'm so throwed I can't think

Who the hell been puttin' they lips on my drink

What the hell the waitress doin' wit my change

Maybe some red bull will help me sober up

Matter fact mix it wit this grey goose in my cup

I can barely stand up I'm about to throw up

If you cant roll with the big dogs go hang wit the pupsI'm on patron I just took some shots to tha dome, (to tha dome)

I'm gone, so gone, so yo can I get a ride home

I'm on patron I just took some shots to tha dome (to tha dome)

I'm gone, so gone, so yo can I get a ride home
