

Lucky I Got What I Want

Jungle

I steal living
Tell me I'm wrong
Will I be forgiven
If I wanna walk like you
Swing it back when I wantWhen I find myself next to the
Don't you forget about me
I won't, won't tell nobody
When I find myself next to the
Don't you, I won't
Don't you forget about me
I won't, won't tell nobody
Don't you forget about meInside this killing,
cut if I want
Time to leave
Lucky I got what I wantWhen I find myself next to the
Don't you forget about me
I won't, won't tell nobody
When I find myself next to the
Don't you, I won't
Don't you forget about me
I won't, won't tell nobody
Don't you forget about meSlow, carefully
Slow, carefullyWhen I find myself next to the
Don't you forget about me
I won't, won't tell nobody
When I find myself next to the
Don't you, I won't
Don't you forget about me
I won't, won't tell nobody
Don't you forget about meDon't you forget about me
Don't you forget about meLucky I got what I want
