Jack in the Box

Gravity Co.

Im the hidden weapon
Ive got a job to do now
All Ive got assigned
Take a diveIll make the pigs fly
Penetrate from inside
You can call me Jack
In the boxWithout a word move like shadows
In other words you cant see me
Though you try the best you canYoull never know Im coming
No youll never see me coming
Yes you will believe
A liarIll be the voice you hear behind
Youll never know Im there blind
Ill be the man inside you know
Ill bet youre runnin scaredGonna blend in shadows
Never see me comingIll be the voice you hear behind
Youll never know Im there blind
Ill be the man inside you know
Ill bet youre runnin scared
