I hate that feelin' when I feel like I been played with
You know that feelin' when they act like they gon take it
I know a lot of soldiers I thought weren't gon make it
I know a lot of fake soldiers they betrayed
I ain't no mufuckin' cheater
I know a high-life nigga that will need em
But I don't need em, need em, need em, need em, need em
I don't need em, need em, need em, need em, need em
When I first got that money I knew I wasn't falling out
When I first met that swagger I knew they was saucin' out
Aye but I know that kush is strong and ima cough it out
They only look at me for so long, you know my leather soft
Yeah yeah I'm a high paid nigga
Yeah yeah get out my space nigga
Cut, boom that's a AK nigga
High-life, high-life, life nigga
