

# One Blade Shy Of A Sharp Edge

[Nanci Griffith](#)

You honk the horn on your Mercedes Benz  
I've rolled up my window so you're honkin' again  
Your stereo could drive the devil out  
Hey, you drink too much and you talk too loud  
But you think you got it made  
Think you got it made  
Think you got it made  
When you're one blade shy of a sharp edge Republican is the way you vote  
You've got a sticker on your bumper that's how I know  
And you think true love is around this bend  
You've been around the bend since the age of ten  
But you think you've got it made  
Think you've got it made  
Think you've got it made  
When you're one blade shy of a sharp edge Now, I'm a little too old for your toupee curls  
I'm a full grown woman and you're lookin' for girls  
Hey, it's Saturday night so go on down the road  
I'll cancel you out when I go to the polls  
But you think you got it made  
Think you got it made  
Think you got it made  
When you're one blade shy of a sharp edge
