Drum Beat Bird Hum

STAMPEAD

jumping door to door
the hearse will take me home
drive the night away
the wheels they take me home

where will they take me
Iâ€™ve landed my last punch
a whisper in the dark
a jab of silence

drum beat bird hum
drum beat bird hum
a break from the sound
drum beat bird hum
drum beat bird hum
itâ€™s just another brain cloud

footsteps echo in me
running for leave
I jump into a high
itâ€™s killing me

erasing you
erasing me
running out the door
this empty place a bore

drum beat bird hum
a break from silence
drum beat bird hum
are you high enough to dance

but how should I know
I donâ€™t even want to understand
gonna keep on walking on
holding my shadowâ€™s hand

whatâ€™s wrong with you my love
youâ€™re insane to fall for me
Iâ€™ve broken every heart and hand

thatâ€™s tried to touch me

and do you own your blood
I want your last drop
can you be my band aid
can you make it all just stop

and yes Iâ€™ve died before
but no I wonâ€™t go down
Iâ€™d swallow the ocean before I drown

drum beat bird hum
burning in my brain
drum beat bird hum
Iâ€™d swear weâ€™re all insane

but how should I know
I donâ€™t even want to understand
gonna keep on walking on
holding my shadows hand
