One Step Closer

Shane Harper

Woahhh ohh, hey hey
Listen
I can't keep chasing you around
All of this running just bringing me down
It's got me down
Every time I look at you the angels sing
I hope you hear them too
Ohhhhhhhh, oh
I hope you hear them too
Got me feeling hypnotized
And girl it makes me feel alive
Heeyyyy yeahhhI'd climb the highest mountain
And I'd sail across the sea
Baby for you I'd do anything
I'd fly to the moon
I'd paint your gray skies a beautiful blue
Just to get one step closer to youDon't hesitate there's no better time than now baby
The sky is falling down
Well baby are you down, down, down, downI could wait forever and a day
Just to have you look my way (just look my way)
Look my way yeahIt's in every little thing I do
'Cause baby I do it all for you
Heeyyy yeahhhI'd climb the highest mountain
And I'd sail across the sea
Baby for you I'd do anything
I'd fly to the moon
I'd paint your gray skies a beautiful blue
Just to get one step closer to youI will write you a million love songs
Just to hear you sing
Baby for you I'd do anythingI'd fight superman
Just to hold your hand
I have to get one step closer to youAnd now your in my arms
I knew it from the start
That I'd never break your heart
If this ain't love then nothing else is
I'd do anything for just one kissI'd climb the highest mountain
I'd sail across the sea
For you I'd do anything
I'd plan a picnic on the moon

Just for me and youI'd climb the highest mountain
I'd sail across the sea
For you I'd do anything
I'd plan a picnic on the moon
Just for me and youI will write you a million love songs
Just to hear you sing
Baby for you I'd do everythingYeah, I'd fight superman
Just to hold your hand
Have to get one step closer to youOoohhh, yeahhhh
Just to get one step closer to you
