Without You

Pixie Lott

I don't know what to say
I don't know what to say anymore
'Cause it's all been said before
And I don't know where you are
All I know is you're far
And you're not coming back
If this is how it goes
I tried but I don't know, oh
I don't know if I like it
Without you, without you, without you
Tell me, how am I supposed to make it
Without you, without you, without you?
Look at me crying tonight
Is this what it's gon' be like?
I try and act like I'm fine but I will never be right
Without you, without you, without you
Without you I don't know
I'm not sure how to feel
I'm not sure what is real anymore
'Cause I've never felt like this
Sometimes it hurts me so bad
It's the worst kind of sad
And I can't live like that
Don't wanna be alone
I tried but I don't know, oh
I don't know if I like it
Without you, without you, without you
Tell me, how am I supposed to make it
Without you, without you, without you?
Look at me crying tonight
Is this what its gonna be like
I try and act like I'm fine but I will never be right
Without you, without you, without you
Without you I don't know
The one thing I do know, that I'm so sure of
Is with you gone I'm lost
And I'm so confused that I can't deal with it no more
Without you I can't see it, take this pain from me
So I can make room for you

'Cause you've been gone from me for too long
I don't know, I don't know if I like it
Without you, without you, without you
Tell me, how am I supposed to make it
Without you, without you, without you?
Look at me crying tonight
Is this what it's gon' be like?
I try and act like I'm fine but I will never be right
Without you, without you, without you
Without you I don't know
Without you, I can't be without you
You, you, you, you
Without you, I can't be without you
You, you, you, you
Without you, I can't be without you
You, you, you, you
Without you, I can't be without you
