We Are Fine

Sharon Van Etten

Trying hard to breathe
Head between my knees
Take my hand and squeeze
Say I'm alright
Whisper in my ear
Happy you are here
Everything seems clear
And we're alright
We're alrightTell me not to trip or to lose sight
You are walking in my dotted line
Take my hand and help me not to shake
Say I'm alright
I'm alright
Say I'm alright
I'm alrightIt's okay to fear
Everything is real
Nothing left to steal
Cause we're alright
We're alrightTell me not to trip or to lose sight
You are walking in my dotted line
Take my hand and help me not to shake
