

# We Are Fine

Sharon Van Etten

Trying hard to breathe  
Head between my knees  
Take my hand and squeeze  
Say I'm alright  
Whisper in my ear  
Happy you are here  
Everything seems clear  
And we're alright  
We're alright Tell me not to trip or to lose sight  
You are walking in my dotted line  
Take my hand and help me not to shake  
Say I'm alright  
I'm alright  
Say I'm alright  
I'm alright It's okay to fear  
Everything is real  
Nothing left to steal  
Cause we're alright  
We're alright Tell me not to trip or to lose sight  
You are walking in my dotted line  
Take my hand and help me not to shake
