

Hours

TV on the Radio

You walked around
Said yourself beautiful
Just too bad, they stare
Just too bad, they stareBroke up your crown
Called you unusable
See how well you fairStole underground
To keep your heart around
Banished from above
Banished from aboveForgot yourself
Go home and shot your health
Left it all for loveAnd all their lips
Delirious quips
Last seen with friends
Wishing them wellYou make the truth
You listen for the truth
Just too bad, they lied
Just too bad, they liedOh, come around
Inform our future youth
Summon from the skyThe future is cruel
Unusual fools
Leave them to rule
In hollow point hellIn absolute
Now listen to the truth
Cradle little cry
Cradle little cryYour light will shine
Fire undisputable
Keep your head on high
Keep your head on highYou walk around
Know you are beautiful
Aimless and alive
Broken and definedOh, walk around
Know you are future youth
Summon to the sky
