Sea of Love

Little Computer People

All these emotions I go through
I am so in love with you
True love has caught my heart
Girl, it's more than a feeling
True love has come, woah, oh, and swept me away
The big sea of love, we're together forever
You have my heart, you touch me each day
You are daughter of Sarah
I never knew why God blessed me
With a woman like you
But now I know His hand's on me
And He knew I needed you
True love has come, woah, oh, and swept me away
The big sea of love, we're together forever
You have my heart, you touch me each day
You are daughter of Sarah
I will always treasure you
You are there when I need you
It is love that will prevail
And stand the test of time
