

Four Leaf Clover

Badly Drawn Boy

Go on, do what you've got to do.
You've got your dreams, I've got mine too.
Be strong, get off at the next stop, don't worry about a thing.
Keep taking it easy.
This time it's not personal.
The universe will help you now
To find a place you can breathe and do what you've got to do
Keep taking it easy
Keep taking it easy Come on, I'll let you borrow my four leaf clover
Come on, take it with you you can pass it on
Come on, you know I'm not the kind to say that it's over
We'll be rubbing shoulders once again in the sun Come on, take your dreams where nobody can find them
Come on, you know i wont be happy 'til you've won
So come on, come on over, borrow my clover
Is there anything left that you haven't done? Go on, do what you've got to do
You've got your dreams, I've got mine too
Be strong, get off at the next stop, don't worry about a thing
Keep taking it easy, easy
