Blues On Two Trees

Jack White

Jack: I've got blues, and I put 'em on two trees. The blues I have are not that bad, but they are still a little bad. Zach: We have blues, and we put 'em on two trees. The blues we have are not that bad, but they are still a little bad. Sharon: Yeah, we've all got blues, and we put it on two trees. And they are not that bad, but they are still a little bad.
