Fetish

Potluck

I've got a fetish for these kicks, fet-fetish for these jeans
A fetish for my hoodie, gotta have it, I'm a fiend
Fet-fetish for these kicks, a fetish for these jeans
A fetish for my hoodie, fetish, fetish, fetishSweater on tight as the nights get colder
City zipped up and the hood on my shoulders
Haters looking green like a three-leaf clover
I've got a pair of every jeans I know ofI've got gear that's free like bayo
Watch me rock it, double, they sayo
Every day new jeans and a new shirt
From next year it's like I'm back from the futureA fly outfit
(Yes)
On my hover board
(Yes)
Take that off and put this logo on your chest
Rep the west, downtown to sunset
Melrose to Fairfax, damn I'm freshI've got a fetish for these kicks, fet-fetish for these jeans
A fetish for my hoodie, gotta have it, I'm a fiend
Fet-fetish for these kicks, a fetish for these jeans
A fetish for my hoodie, fetish, fetish, fetishGot, got, got, got, got a fetish, fetish
Got, got, got, got a fetish, I'm a fiend
Got, got, got, got, got a fetish, fetish
Got, got, got, got a fetishFor this pair on my feet, pro wings with Velcro
Then L.A. Gear's Greatest Night's in shell toes
Thought they were the dopest until I saw the Jordan's
Had to cop some but they cost me a fortuneI was just a kid, the freshest on the block
After school shootin' hoops pumping on my Reebok's
Kept my shoes always new, coming straight out the box
(Fresh)
Every day different colors on my Nike high-tops
(Check it)Air Force's, Air maxes, even had a pair of Vans
K-Swisses, Chuck Taylors, can't forget the Timberlands
Bathing Ape's with the matching hoodie from Japan
But no matter what I'm wearing people staring like, "Damn"I've got a fetish for these kicks, fet-fetish for these jeans
A fetish for my hoodie, gotta have it, I'm a fiend
Fet-fetish for these kicks, a fetish for these jeans
A fetish for my hoodie, fetish, fetish, fetishGot, got, got, got, got a fetish, fetish
Got, got, got, got a fetish, I'm a fiend
Got, got, got, got, got a fetish, fetish

Got, got, got, got a fetishFit from a brand new era
Got the home town on the crown that I'm wearing
Lookin' for a love from LA to Paris
If you got style let me see what you sharin'If you got a tank top sweats and some kicks
Gimme that girl if my t-shirt fits
Mini skirt works if you got nice hips
If you don't need a bra then you got nice, uhYou're lookin' right when you rock a corset in a thong
Even better when you're dropping it with nothing at all
Take your sweater off in the summer, spring and fall
'Cause skin's back in and it ain't the mallI've got a fetish for these kicks, fet-fetish for these jeans
A fetish for my hoodie, gotta have it, I'm a fiend
Fet-fetish for these kicks, a fetish for these jeans
A fetish for my hoodie, fetish, fetish, fetishGot, got, got, got, got a fetish, fetish
Got, got, got, got a fetish, I'm a fiend
Got, got, got, got, got a fetish, fetish
Got, got, got, got a fetish
