

# STAR OF WONDER

Tor / Sufjan Stevens

We three kings are coming again  
Bearing gifts from the east, from the east  
    Some say a star will rise again  
    In the hearts of humankind  
Some say we have been in exile  
    What we need is solar fire  
    Star of wonder, star of night  
    Star of royal beauty  
Westward leading, still proceeding  
    A star 'ceeding, a star of wonder  
    We bring gold and myrrh for Him  
From the east, frankincense from the east  
    Some say a star will rise again  
    In the hearts of humankind  
Some say we have been in exile  
    What we need is solar fire  
    Star of wonder, star of night  
    Star of royal beauty  
Westward leading, still proceeding  
    A star  
    Star of wonder, star of night  
    Star of royal beauty  
Westward leading, still proceeding  
    A star 'ceeding, a star 'ceeding  
    A star of wonder, of wonder
