

Next Year, Baby

Jamie Cullum

Next year
Things are gonna change
Gonna drink less beer
And start all over againGonna read more books
Gonna keep up with the news
Gonna learn how to cook
And spend less money on shoesGonna pay my bills on time
File my mail away, everyday
Only drink the finest wine
And call my gran every SundayWell resolutions
Well baby they come and go
Will I do any of these things?
The answer's probably noBut if there's one thing, I must do
Despite my greatest fears
I'm gonna say to you
How I've felt all of these yearsNext year
Next yearI'm gonna tell you how I feel
I'm gonna tell you how I feelWell, resolutions
Baby they come and go
Will I do any of these things?
The answer's probably noBut if there's one thing, I must do
Despite my greatest fears
I'm gonna say to you
How I've felt all of these yearsNext year
Next year
Next year
