Come Back Home

Pete Yorn

Come back home for another year
And find yourself in the thick of it
Come back home for another year
I always thought that you could handle thisAnd you know you're hard enough
And you find you're strong enough
And you feel you're strong enoughCome back home for another year
And ask yourself if you could handle this
Say my name before you disappear
I always thought that you could handle thisAnd you know you're hard enough
And you find you're strong enough
And you feel you're strong enoughIn your life, you can talk about it
Oh in your life, you can live without
Can live withoutAnd you know you're hard enough
And you find you're strong enough
Oh yeah you'll find you're hard enough
Oh yeah you'll find you're strong enoughCome back home
Yeah, come back home.
