Watch It Burn

Unearth

No longer on your side
No longer within your prison
No longer here to speak
With a positive spin on societySo sick of your politics
So sick of your fading religions
So sick of the endless lies
That ignite and divide, it's homicideThis is the reason
Your walls are coming downDid you even hear a word I said?
Torch it all, torch it all
Did you even hear a word I said?
Watch it burnThe writing's on the wall
Watch it burnSo tired of your ignorance
So tired of your passing trends
So tired of your predictive script
You're all dead insideSo tired of your predictive script
You're all dead insideIt was supposed to be better than this
Can you imagine why?
The path of no return
Has killed all reason to believeA paradox in the vow you've taken
Engulfed in your own world
The tried and true are now unspoken
God save you allDid you even hear a word I said?
Torch it all, torch it all
Did you even hear a word I said?
Watch it burnThe writing's on the wall
The writing's on the wall
Watch it burnCan you imagine why?
The writing's on the wall
We're all paralyzed
Our hope has diedParalyzed, hope has died
Paralyzed, our hope has died
Our hope has died, our hope has died
Our hope has died, our hope has died
Our hope is deadBurn your eyes on our setting sun
Burn out your eyes
