

# Watch It Burn

## Unearth

No longer on your side  
No longer within your prison  
No longer here to speak  
With a positive spin on society So sick of your politics  
So sick of your fading religions  
So sick of the endless lies  
That ignite and divide, it's homicide This is the reason  
Your walls are coming down Did you even hear a word I said?  
Torch it all, torch it all  
Did you even hear a word I said?  
Watch it burn The writing's on the wall  
Watch it burn So tired of your ignorance  
So tired of your passing trends  
So tired of your predictive script  
You're all dead inside So tired of your predictive script  
You're all dead inside It was supposed to be better than this  
Can you imagine why?  
The path of no return  
Has killed all reason to believe A paradox in the vow you've taken  
Engulfed in your own world  
The tried and true are now unspoken  
God save you all Did you even hear a word I said?  
Torch it all, torch it all  
Did you even hear a word I said?  
Watch it burn The writing's on the wall  
The writing's on the wall  
Watch it burn Can you imagine why?  
The writing's on the wall  
We're all paralyzed  
Our hope has died Paralyzed, hope has died  
Paralyzed, our hope has died  
Our hope has died, our hope has died  
Our hope has died, our hope has died  
Our hope is dead Burn your eyes on our setting sun  
Burn out your eyes
