

1000 Miles of Cock

Zimmers Hole

My baby left me for a 1000 miles of cock
It was'nt that way 'till she started

Smokin' rock...

Well now she's out there on the corner

Of the block

My baby left me for a 1000 miles of cock

A 1000 miles of cock...

Yee-haw...My baby left me for a 1000 miles of cock

She's workin' zimco...

It's right around the block

She's at the factory.. yeah..

Right around the clock

My baby left me for a 1000 miles of cock

A 1000 miles of cock...Where did she go???

A 1000 miles of cock
