

King Without a Castle

[Chris Isaak](#)

Like a king without castle
Like a knight without a home
I call your name but there's no answer
And I'm left here on my own Just wondering, wondering, wondering
Wondering, wondering
Where did our love go?
Does anybody know? A man alone, he has no future
A man alone, he has no friends
There was a time I thought I found her
The one to love me 'til the end Now I'm wondering, wondering, wondering
Wondering, wondering, wondering
Where did our love go?
Does anybody know? Does anybody know? Wondering, wondering I'm like a king without castle
With a heart condemned to roam
I keep searchin' 'til I find you
'Til I do I'll be alone Just wondering, wondering, wondering
Wondering, wondering
Where did our love go?
Does anybody know? Anybody know?
Does anybody know?
Does anybody know?
Does anybody know?
