

After the Rain

The Samples

Out in the fields
There's workers everyday
Farming the land
'Cause that was the only way
But now it's a joke
The thunder's a foreign ground We're all gonna dance
As soon as the rain comes down
As soon as the rain comes down
As soon as the rain comes down They worked so hard
To make their ends meet
They dream of storms
But wake to the sweat on their feet
This summer's been hot
The land was just a desert for us We're all gonna dance
As soon as the rain comes down
We're all gonna dance
With a smile instead of a frown As soon as the rain comes down
We'll all gonna dance
As soon as the rain comes down
But before we start, get in a stance
