Game Over

Alexa Vega

Game over. There are no rules in this game except win at any cost.
The time has come
Once and for all
You met your match
You will fall
This little game we play is gonna break us down
Only one of us can wear the crown
It's not as easy as you thought it'd be
When it's down to you versus me
I play rough
I don't need to try
You'd like to play me
But the score never lies
Game over
Game over
Game over
For now
Winnin' the game
The only rule around
No more good luck
Or cheers from the crowd
When the game began you never thought you'd lose
But your time is up I play to bruise

You look around and find you've lost your team
You tried your best but you ran out of steam
I play rough
I don't need to try
You'd like to play me
But the score never lies
You're all out of wishes
Kiss your dreams goodbye
The end's the same
It's not whether you win or lose, it's
How you play the game
Game over
Game over
Game over
For now

Is that all you got?
Come on!
Uh uh!
Bring it on!
Game over
Game over
Game over
For now
Game over
