

Can't Get Right

Jagged Edge

Yeah Like an angel in disguise
You make my bed feel heavenly
And all to my surprise
My life improves like daily all because of you We never had a fight about foolish
He say, she say, her way, my way
Never wear my heart up on my sleeve
But you're what I need now I see so clearly Sometimes I'm almost sorry that I found you
And it's only because
'Cuz I can't get no peace when I'm not around you (Can't get right without you in my bed)
I can't get right without you in my
Can't get right, keep seeing you soaking wet
(Will you leave me alone? I can't get through the night) Can't get right without you in my
(In my bed)
Holding you tight, so sweet, so tender
Can't get right without you in my bed
(Can't get right without you in my bed) Just like a thief off in the night
You stole my heart away from me
Stole it right away from me And though my bed is king in size
I feel like a peasant dying slowly all because of me
I always had a chip up on my shoulder
Know I could've been whole lot nicer Been through what I've been through
Your heart gets colder
You're what I need
You know what you mean to me? I take that back, I'm never sorry that I found you
And it's only because
I'm a much better person from being around you
I can't get right Can't get right without you in my bed
(Said I can't get right without you in my bed)
Can't get right, keep seeing you soaking wet
(Kissing you soaking wet, yeah) I can't get right without you in my
(Without you in my bed)
Holding you tight, so sweet, so tender in my
(In my bed)
Can't get right without you in my bed
(I need, I need you) All I need is you right here in my bed
When you climb on up, nothing left to be said
All my issues straight disappear from my head
Who would've thought life revolves 'round this bed? Never thought I'd say these words out my mouth
Never thought that I can survive in this house

Without you laying straight next to me, staying down, down, down Sometimes I'm almost sorry that I found you
And it's only because
'Cuz I can't get no peace when I'm not around you Can't get right without you in my bed
(Can't get right without you in my, yeah)
Can't get right, keep seeing you soaking wet
(You can't leave me alone, no, no, no, no, no, no) Can't get right without you in my
(Baby I)
Holding you tight so sweet, so tender
(Yeah, yeah, yeah)
Can't get right without you in my bed
It's all in my head
I can't get right without you here
