Crawl Space

Feederz

I need some room to breathe
Listen, speak and follow free
Socially a refugee
I need some room to breatheTrapped here in this place
I can't move, it's like living
In a crawl spaceThey want into my head
I pushed them out instead
Tear me into tiny pieces
They want into my headLocked in weary chain
I can't move, it's like living
In a crawl spaceSo I try to find myself a way out
But they come from all directions
So unsure I'll just stay here
In my crawl space
And I'll escape detectionTrapped here in this place
I can't move, it's like living
In a crawl spaceLocked in weary chain
I can't move, it's like living
In a crawl spaceCrawl space
Crawl space
Crawl space
Crawl space
Crawl space
