My First Mine (Slanted Session)

Pavement

Started in the old south
I brought it to the new west
Sold it for a dry claim
I bought it back the hard wayI've got a mine that's fine
Isn't it the best one yet?
I bought it in '49
I've got a mine that's fineHeard about your bad fall
I guess it's just the rock's fault
I bet you need some old south
I'll sell it for your gold teethI've got a mine that's fine
I swear it's the best one yet
I bought it in '49
I've got a mine that's fineShe was just a moaner
She was never saved
Bruises in my stomach fight
I fed it to my engineI've got a mine that's fine
I swear it's the best one yet
I bought it in '49
I've got a mine that's fineI've got a mine that's fine
I've got a mine that's fine
I've got a mine that's fine
I've got a mine that's fine
