

# Take No Action

## Open Hand

Your intentions are intriguing me,  
Because you operate so strategically.I don't want to break your heart because it's oh so wrong,  
(Take no action)  
I don't want to waste your love because it feels so strong.Can you feel my eyes on the back of you?  
You've got me all tore up, ain't nothing I can do.Gotta shove it down,  
Got to wait it out,  
It'll fade away.  
Take no action.  
Gotta shove it down,  
Got to wait it out,  
It'll fade away.  
Take no action.  
Gotta shove it down,  
Got to wait it out,  
It'll fade away.  
Take no action.
