

# Higher Ground

Richard Kiser

Every hour of every day I'm learning more  
The more I learn, the less I know about before  
The less I know, the more I want to look around

Digging deep for clues on higher ground

Moon and stars sit way up high

Earth and trees beneath them lie

The wind blows fragrant lullaby

To cool the night for you and I

On the wing the birds fly free

Leviathan tames angry sea

The flower waits for honeybee

The sunrise wakes new life in me

Every hour of every day I'm learning more  
The more I learn, the less I know about before  
The less I know, the more I want to look around

Digging deep for clues on higher ground

The fishes swim while rivers run

Through fields to feast my eyes upon

Intoxicated drinking from

The loving cup of burning sun

In dreams I'll crave familiar taste

Of whispered rain on weary face

Of kisses sweet and warm embrace

Another time, another place

Every hour of every day I'm learning more  
The more I learn, the less I know about before  
The less I know, the more I want to look around

Digging deep for clues on higher ground

Every hour of everyday I'm learning more  
The more I learn, the less I know about before  
The less I know, the more I want to look around

Digging deep for clues on higher ground

Moon and stars sit way up high

Earth and trees beneath them lie

The wind blows fragrant lullaby

To cool the night for you and I

On the wing the birds fly free

Leviathan tames angry sea

The flower waits for honeybee  
The sunrise wakes new life in me  
Every hour of every day I'm learning more  
The more I learn, the less I know about before  
The less I know, the more I want to look around  
Digging deep for clues on higher ground  
The fishes swim while rivers run  
Through fields to feast my eyes upon  
Intoxicated drinking from  
The loving cup of burning sun  
In dreams I'll crave familiar taste  
Of whispered rain on weary face  
Of kisses sweet and warm embrace  
Another time, another place  
Every hour of every day I'm learning more  
The more I learn, the less I know about before  
The less I know, the more I want to look around  
Digging deep for clues on higher ground
