[Verse 1 "Lil wayne"]Yeah Straight off the corner Apple and Eagle

Brave hard bitch like the times Im medieval

Married to the block, Divorce the Cathedral

Standin on the corner selling Porcelean to People

Forced into evil, Its all in your head

It's also cerebral, call me Canival

You follow when i lead you

Straight to the needle

The barrel, the battle, the beetles will eat you

Mama named Cita, I love You Cita

Member when your pussy Second husband used to beat ya

Remember when i went into the kitchen got the cleever

He aint give a fuck i aint give a fuck neither

He could see the devil, see the devil in my features

You could smell the ether

You can see Cita

You can see the Cita, see the Cita in my features

I am her voice and the World is my speaker

Im speakin

[Chorus]Living in a World a Fantasy

(Livin in a World a Fantasy)

His back agaisnt the wall

Living in a World a Fantasy

(Livin in a World a Fantasy)

His back agaisnt the wall  
[Verse 2 "Question"]  
With my spine up against these  
Tagged up brick walls  
Fliip grams, quick hands, Quicksand Pitfalls

Big Balls intact, through error Syntac's  
That Stormy Whether where the Trees dont bend back  
Left home at 16  
I aint never been back  
When it come to being broke i say i never been flat  
I punk ass bitch i aint never been that  
Reminisce how Daddy cuaghta "slitch" in his lap  
IN his newport box with only one stick left  
Snort heroin then he'd shove me in the chest  
Used to really believe, I never be the best  
Hell must be on my shoulders Cuz the devil seent the rest  
Right on it through his binge's and  
Then poisonous Syringe's  
Beaten on my mama kicked the doors of the hinges  
I wish i was old enough to stop him when he did it  
So long agao but even I cant forget it  
So listen

[Chorus]Living in a World a Fantasy

(Livin in a World a Fantasy)

His back agaisnt the wall

Living in a World a Fantasy

(Livin in a World a Fantasy)

His back agaisnt the wall

[Verse 3 "Question"]Demonic in my presence

Street corner like a reverend

Tryna find the change, Shining lightining like im in heaven

Triple seven, Triple Six

Trebulations, Triple trip

Triple grip, triple spitiin' like a had a triple lip

Lets make simple sense of the main difference

Angel if Death's Wing gotta s sinner in a Clench

Revolver in my fist, Earthworm to a fish

Bait on the line watch me cath them with this

Hope flound compound off round White rock

Ballin like Earl man i go in his high tops

Third eye cyclops, beaten down by five cops

Left for dead and it aint even my block

Think of my pops, thinkin of my moms

Rather be just blazin listenin to Saigon

Cuz when u think up, God strikes you down  
Body full of current lightenining never hit the ground  
[Chorus]Living in a World a Fantasy  
(Livin in a World a Fantasy)  
His back agaisnt the wall  
Living in a World a Fantasy  
(Livin in a World a Fantasy)  
His back agaisnt the wall
