

Most of All

Forever JONES

Well I don't mind driving nice cars
And I don't mind wearing nice clothes
And I don't mind being center of attention
And it's sometimes nice to get what I want

But most of all that I want
Is to be nearer to you
And most of all that I need
Is to be more to you

So what if I become a superstar
Don't need a thing if I'm not where you are
And what if I gained the whole world in my hands
I'd leave it all to come from you

Cause most of all that I want
Is to be nearer to you
And most of all that I need
Is to be nearer to you
And most of all that I need

Is to belong to you
Drawn to you fathom for you

Is to belong to you
Drawn to you fathom for you

Cause most of all that I want
Is to be nearer to you
And most of all that I need
Is to be near to you

Cause most of all that I want
Is to be nearer to you
And most of all that I need
Most of all that I need
Is to belong to you
