

# Lose Control (Prod. By Josh Everette, E. Dan)

## Wiz Khalifa

Oh, oh, oh

Oh, oh, oh

Yeah, yeah, it's young Kha, (Khalifa!)

Man, man, man, it's young Khalifa man!

Man, man, man, Taylor Gang or die! [Chorus]

I see you staring, I'm at the bar

You tired of them lames you wanna be with a star

I gotta place that you wanna go,

Don't reach out for them other guys, with me you'll lose control Control, control, control, you'll lose control

Control, control, you'll lose control

Lose control, you'll lose control, you'll lose control

Control, control, you'll lose control She don't know me, but I know her

I met plenty of her type before

Love a nigga with a fancy car

Live your life like a movie star

Got a thing for expensive clothing

Fuck with it if it's frozen

You got it all

And worry 'bout a thing, no not at all

The music was on, had that sour smoke in the air

Her nigga was jockin', I told her 'come over here'

To my section, he make sure the runway is clear

Then we take off, leave the extra baggage girl so we can float on [Chorus] Control, control, control, you'll lose control

Control, control, you'll lose control

Lose control, you'll lose control, you'll lose control

Control, control, you'll lose control I'm vibin', you vibin'

I roll while you driving

You tired of them lames,

Saying your recline never change

Now you out flying with the planes So what if they're watching us?

I hope that they're watching us

They could see what I see

Girl what you do to me

Now don't try to talk to us

But no there's no stopping us

It's hard to unlock you?

The ho's that you got, on, on, on me [Chorus] Control, control, control, you'll lose control

Control, control, you'll lose control

Lose control, you'll lose control, you'll lose control  
Control, control, you'll lose control
