# Super Hero Complex

## Chris Wisdom

Super hero complex

(Verse 1)

Call me peter Parker in the parking lot

Got the strength of ten men whenever the beat drop

Can drop my confidence I got too much common sense

To know I'm not a common man Pay homage to the kids kid

Heard a mustard seed equal great faith

We'll I'm hot dog got mustard greens on my plate

With great power come great hate not responsibly but ya any feeling me

Fill me up with that good stuff Keep that negative energy from around me

Dreams in the sky but the world try to ground me I believe in Jesus not gravity

(Did he say Jesus?) Now they mad at me

(Hook)

Pass me my hater blockers
Pass me my hater blockers
Pass me my hater blockers
Pass me my hater blockers
Pass me my hater blockers
Pass me my hater blockers
Pass me my hater blockers
Pass me my hater blockers
(Verse 2)

You can call me Clark Kent in the hall ways

Got a S on my chest when I step on stage

Where my Lois lane steady switching lanes in my mind frame

Trying frame the picture perfect world with an imperfect girl

But they say she too good for me Break me down just to take from me

Why they stick me for my paper ant no biggie cause my money small

I live on faith that the only way that I could ball they say they hating but I ant worried dog

Big barks no bite these heavy weights so light they so left Iâ€™m so right Can't lose I'm too tight

(Hook)
Pass me my hater blockers

Pass me my hater blockers
Pass me my hater blockers
Pass me my hater blockers
Pass me my hater blockers

(Verse 3)
You could call me Bruce Wayne in the middle of the night
Thou shall not fear in the middle of the fight
With a bunch of jokers keep on keeping on put your hater blockers on

Keep on keeping on put your hater blockers on p.u.sh p.u.sh
Keep on keeping on put your hater blockers on p.u.sh p.u.sh
