

Potter's House

Evangelist Gobourne

Potters House by Evangelist Gobourne

1st Verse

If your life is not worth living and your hope is sinking fast
If your feet have crumbled under from the rubble and the blast
Take a glimpse into your future, step away from your past
He will give your life new meaning
He will rescue you at last.

Chorus

Have you been to the potter's house, his hands of mercy lifted me
The sinful life that I was living
Lord, I know it just wouldn't last
So I entered the potter's house , Put my vessel into his hands
On his wings of grace and mercy he made me over again.

2nd Verse

I know it took some doing .. Cause I was twisted, I was lean
My countenance was anger, I was bitter and I was mean
But Jesus place on the spindle, where my heart begun to bleed
On his wings of grace and mercy he made me whole ,he made me clean.
