

Mind Control

Hello Mahalo

Destruction is a part of me
That I've tried to hide
But deep down inside of me
Rage just starts to rise Please, please watch your back
Take, take warning Never know when I'll crack snap back or attack Destruction is a part of me
That I can't contain
I feel the blood is rushing
Coursing through my veins Please, please watch your back
Take, take warning Never know when I'll crack, snap or attack Ooh, I don't want to know that the pain's become
too much
Ooh, I don't wanna see all the lives turned into dust
Ooh, I don't wanna feel like my mind's walked out the door
You just gotta know I can't do this anymore No, no, no Truth is evidence
Self-destruction is courage
Succumb to the pressure with pain is pleasure
There is no other supplement Ooh, I don't want to know that the pain's become too much
Ooh, I don't wanna see all the lives turned into dust
Ooh, I don't wanna feel like my mind's walked out the door
You just gotta know I can't do this anymore I'm an animal, a living breathing cannibal
Eat your brain and your body whole
Slowly devour your soul
I call it mind control I'm an animal, yes, a living breathing cannibal
Eat your brain and your body whole
Slowly devour your soul
Mind control
