

Anywhere Place

Katie Costello

Tell me a story that consists of more
Then once upon a time the end
Starring that same familiar friend
Sing me a song that I can hum upstairs at night
I can live in my mind
Maybe for all time

I don't need a wallow face
I just need a place
I can name and call my own
An anywhere place, my anywhere place

Walk with me somewhere
I can rent till no end
Hands held tight
And no one's looking for me this night
Look with me somewhere
Where the sky is as endless as
The rhythm of the sea
It rhymes in ecstasy

I don't need a wallow face
I just need a place
I can call and name my own
My anywhere place, my anywhere place

Now that the trees are gone
And the waters cool
I'll go back where I can find what's true
Where it isn't gray
And where I can stay
And anywhere place

Tell me a story that consists of more
Then once upon a time
Starring that same same familiar friend

I don't need a wallow face
I just need a place
I can call and name my own

My anywhere place, my anywhere place

I don't need a wallow face

I just need a place

I can call and name my own

My anywhere place, my anywhere place

Oh no
